"Sharing, caring, learning and loving with God"

Spiritual, Moral, Social and Cultural Development Policy

Spiritual, Moral, Social and Cultural Development is promoted not only through all the subjects of the curriculum but also through the ethos of the school and through the development of positive attitudes and values, celebrating British values such as: democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faith and beliefs.

In this Church of England school the ethos is founded on Christian values and beliefs and in particular on the unique capacity and worth of each individual.

Spiritual Development:

Spiritual Development: This relates to the quest for individual identity and the search for meaning and purpose in our existence. It leads towards the understanding of self and others. It has to do with feelings, emotions, attitudes and beliefs. It is not linked solely to a particular doctrine or faith and spiritual development is therefore accessible to everyone.

Aims for Spiritual Development:

- The ability to listen and be still
- The ability to reflect
- The ability to sense wonder and mystery in the world
- The ability to sense the special nature of human relationships

Objectives for Spiritual Development:

- To develop the skill of being physically still, yet alert
- To develop the skill to use all ones senses
- To develop imagination
- To encourage times for quiet reflection throughout the school day
- To develop individual self-confidence
- To consider the mystery of God and the wonder of his world.

Moral Development:

Pupils are encouraged to understand the need for a common code and to follow it from conviction rather than because of sanctions or consequences. Across the school we work towards an understanding of what is right and wrong. From this basis pupils may develop the ability to make judgements and to become increasingly responsible for their own actions or and behaviour.

Aims for Moral Development:

- To understand the principles lying behind decisions and actions
- To be able to distinguish between right and wrong
- To be able to make decisions, accepting and understanding consequences of their actions
- To move gradually through a 'taught morality' to taking responsibility for their own moral decisions

Objectives for Moral Development:

- To tell the truth
- To respect the rights and property of others
- To help others less fortunate than themselves
- To be considerate to others
- To take responsibility of own actions
- To exercise self-discipline
- To develop high expectations and a positive attitude
- To conform to rules and regulations to promote order for the good of all

Social Development:

This enables pupils to become conscientious participants in their family, class, school, the local and wider community. Within this there should be a balance of the positive, satisfying elements of belonging to a group or society along with the demands, obligations and cooperation such membership requires.

Aims for Social Development:

- To relate positively to others
- To participate fully and take responsibility in class and school
- To use appropriate behaviour across a range of situations
- To work cooperatively with others
- To use own initiative responsibly
- To understand our place in our family, school and society

Objectives for Social Development:

- To be sensitive to the needs and feelings of others
- To work as part of a group
- To interact positively across a range of situations, e.g. clubs, sports activities, visits, church services, music festivals etc.
- To develop an understanding of citizenship and to experience being a part of a caring community
- To show care and consideration for others e.g. sharing and turn taking
- To realise that every individual can do something well and have something to offer

Cultural Development:

At the heart of cultural development lies the necessity to develop a sense of personal identity, whilst at the same time acquiring awareness, understanding and tolerance regarding the cultural traditions and beliefs of others.

Aims for Cultural Development:

- To develop a sense of belonging to pupils' own culture and being proud of their cultural background
- To respond to cultural events
- To share different cultural experiences

- To develop a love for learning
- To develop an understanding of different cultures and beliefs, including Christianity
- To appreciate the values and customs of other ethnic and faith groups which make up modern British society, and the world beyond
- To develop the ability to value these independently
