

St Mary's Fortnightly Flyer

Friday 11th September 2020

Things to Celebrate:

All our pupils and staff have settled in well after the long break. They have all enjoyed their art sessions on our topic of Jonah and the Whale.

Our Early Years Advisor visited the Early Years environments which the EYFS staff have worked really hard to develop. Here is a quote from his feedback "Actions have been put in place within the environment thoughtfully and thoroughly to create an irresistible place for children to play and learn."

All our pupils have been exploring the value of respect and this has been evident in pupils' responses to their teachers in class this week

Well done to our first pupils today who achieved their rosettes. This was celebrated by the whole school on teams. Pupils achieved these for perseverance, developing confidence with writing skills, showing respect and for taking responsibility.
